DEPARTMENT OF COMMERCE

TED SCHWINDEN, GOVERNOR

1424 9TH AVENUE

STATE OF MONTANA

(406) 449-3494

HELENA, MONTANA 59620

October 19, 1981

Dear Friends:

This handbook has been compiled to acquaint you with the new Department of Commerce, its' purpose, responsibilities, structure and organization.

The Department of Commerce represents the consolidation of the former Departments of Community Affairs, Professional and Occupational Licensing and Business Regulation. In addition, certain business related, economic development and transportation functions have been transferred to the Department of Commerce.

I believe we have an opportunity to better serve Montana citizens with an efficient consolidation of appropriate state government activities. I welcome any occasion to discuss the Department's future with you.

Sincerely,

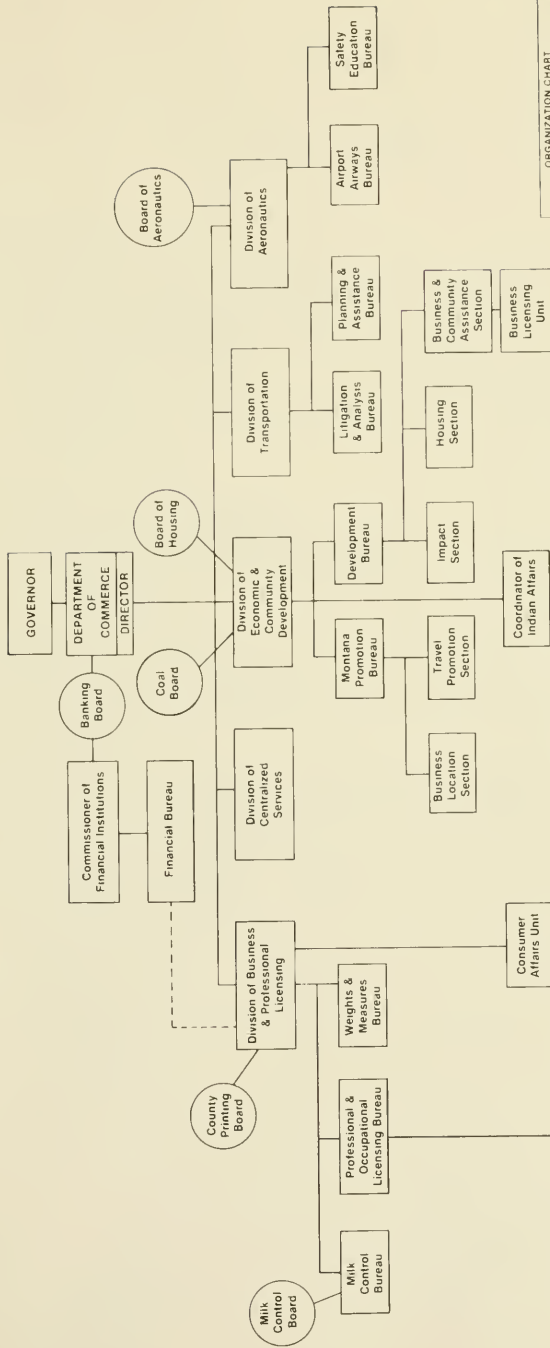

A handwritten signature in dark ink, appearing to read "Gary Buchanan".

Gary Buchanan, Director
Department of Commerce

DIVISION OF ECONOMIC AND COMMUNITY DEVELOPMENT

The purpose of the Economic and Community Development Division is to assist businesses, communities and individuals in their efforts to improve existing economic conditions and to plan and develop new commercial enterprises within Montana. This is accomplished through a number of programs designed to assist Montana communities by providing technical and financial expertise, to promote Montana as a travel destination to out of state residents and to provide assistance and information to local, national or international businesses wishing to expand or develop commercial enterprises within the state.

The Division is also responsible for programs designed to provide affordable housing to lower and middle income families, impact assistance to counties and communities affected by natural resource development and coordination of issues related to Indian Affairs in the state.

Montana Promotion Bureau

The Montana Promotion Bureau is responsible for promoting Montana as a travel destination for vacationers as well as a desirable location for the production of major motion pictures and television commercials. The Bureau also promotes the State of Montana as a prime location for business development to out of state commercial enterprises.

Development Bureau

The Development Bureau provides assistance to communities in the areas of planning, financial management, impact assistance, grant assistance, legal interpretations, local development organization and housing programs. The Bureau also provides assistance to small businesses in licensing procedures, organization analysis, feasibility studies, management counseling, market research, loan packaging, financial counseling, site selection, design, development and new business formation.

Board of Housing

This program insures and promotes compliance with the requirements of the Housing Act of 1975 in which the Board of Housing was created to assist private enterprise and governmental agencies in providing financial assistance to help meet Montana's housing needs.

Coal Board

The purpose of this program is to assist local governmental units which have been required to expand the provision of public services as a consequence of the large-scale development of coal mines and associated energy producing complexes.

Coordinator of Indian Affairs

The Coordinator of Indian Affairs identifies problems confronting the Indians of Montana, advises the legislative and executive branches of the State of Montana of those problems and makes recommendations for their alleviation. The Coordinator also serves the Montana delegation in the U.S. Congress as an advisor and intermediary in the field of Indian Affairs and acts as a spokesman for representative Indian organizations and groups.

TRANSPORTATION DIVISION

The Transportation Division is responsible for providing litigation and analytical assistance to transportation users and developing cost models to assess changes in transportation rates and systems. The division also provides technical, planning and financial assistance to local governments, transportation providers and users, and serves as the resource arm to the Governor's Transportation Advisory Council.

Litigation and Analysis Bureau

The Litigation and Analysis Bureau is responsible for rate analysis and litigation in the division and for providing technical expertise and assistance to shippers. Bureau personnel compile and file evidence as well as testifying on said evidence. The Bureau also performs analytical work such as developing cost formulas and models to analyze transportation cost components.

Planning and Assistance Bureau

This Bureau is responsible for the development of recommendations for the improvement of Montana's transportation system. The Bureau will administer various state and federal programs of technical and financial assistance designed to assist shippers, agriculture, the rail and trucking industries, intercity passenger carriers, urban public transportation and other transportation providers and users. The Bureau is also charged with administering the State Rail Plan and maintaining Montana's eligibility for general railroad assistance funding.

DIVISION OF AERONAUTICS

The Division of Aeronautics is responsible for airport development, airport operations, administration, planning, search and rescue activities, aerospace education and numerous other activities relating to aeronautics in Montana.

The Aeronautics Board has general supervision over aeronautics within the state and monitors all aspects of the Divisions operations. The board has statutory responsibility for the issuance of Certificates of Public Convenience and Necessity, regulating non-civil Aeronautics Board certified airlines within the state and issuance of Industrial Development Revenue Bonds for airlines whose primary base of operations is in Montana.

Airport/Airways Bureau

The Airport/Airways Bureau has responsibility in the development of Montana's aviation system which includes working with the Federal Government and local communities in the planning, programming, financing and construction of new facilities and the improvement of existing facilities.

Safety and Education Bureau

The Safety and Education Bureau's duties include registration of pilots and aircraft, inspection of flight schools which are certified by the Veteran's Administration, search and rescue operations, enforcement of the aircraft liability insurance requirement, mechanics and flight instructors refresher courses, pilots seminars, aviation and aerospace education and a film library maintained in the Aeronautics Division offices.

DIVISION OF BUSINESS AND PROFESSIONAL LICENSING

The Division of Business and Professional Licensing is responsible for the regulation and licensing of the various business entities subject to its jurisdiction. Areas of responsibility include banks and other state-chartered or licensed institutions, the milk industry, all weighing and measuring devices in Montana, administration of the consumer protection laws and the Unfair Practices Act and the establishment of minimum criteria for and licensing of proprietary post-secondary schools. The Division is also responsible for providing administrative and clerical services to the twenty-six Professional Licensing Boards as well as establishing rules and regulations, adopting maximum prices and setting standards relative to county printing and legal advertising.

Milk Control Bureau

The purpose of the Milk Control Law is to encourage the intelligent production and orderly marketing of milk and cream products by regulating the production, transportation, processing, storage, distribution and sale of milk in the State of Montana, guaranteeing an adequate supply of healthful milk to the consuming public at the least possible cost.

The Board of Milk Control is mandated by Law to promulgate rules to set minimum producer, wholesale, jobber and retail prices for class I milk and minimum producer prices for Class II and III milk. The Board also has authority to establish areawide or statewide pools, base plans and to regulate farm-to-plant and inter-area hauling rates.

In addition to the responsibility of enforcing Board Rules, the Milk Control Bureau holds Administrative hearings, hearings to promulgate rules regarding audit procedures and fair trade practices. The Milk Control Bureau enforces Board rules by conducting audits to determine minimum producer payments.

The Milk Control Bureau licenses producers, distributors, producer-distributors and jobbers, investigates fair trade and resale price violations and conducts cost studies on milk processing plants and farm-to-plant hauling operations.

Professional and Occupational Licensing Bureau

The purpose of the Professional and Occupational Licensing Bureau is to provide the administrative and clerical services required by the twenty-six Professional Licensing Boards. Services provided by the Bureau include correspondence, application processing, issuing licenses, renewing licenses, monitoring continuing education, investigating complaints, administering and grading examinations, taking minutes of board meetings and maintaining board records. Services are provided by the Bureau to the following twenty-six Boards:

Board of Architects	Board of Physical Therapists
Board of Barbers	Board of Plumbers
Board of Chiropractors	Private Investigators
Board of Cosmetologists	Board of Prof. Engineers &
Board of Dentistry	Land Surveyors
State Electrical Board	Board of Psychologists
Board of Hearing Aid Dispensers	Board of Public Accountants
Board of Horse Racing	Board of Radiologic Technologists
Board of Landscape Architects	Board of Realty Regulation
Board of Medical Examiners	Board of Sanitarians
Board of Morticians	Board of Speech Pathologists &
Board of Nursing	Audiologists
Board of Nursing Home Administrators	Board of Veterinarians
Board of Optometrists	Board of Water Well Contractors
Board of Pharmacists	

Weights and Measures Bureau

The Weights and Measures Bureau is responsible for the licensing, inspection and testing of all weighing devices used commercially in the State of Montana. This encompasses a wide variety of devices ranging from precious metal balances to railroad track scales, as well as those found in supermarkets, grain elevators, auction markets and rural farm scales.

The Bureau is also responsible for the licensing, inspection and testing of all petroleum measuring devices used commercially in the State of Montana. This involves all retail pumps at service stations, bulk meters at wholesale outlets, pipeline terminals and refineries. Responsibilities also include the quality control of petroleum products.

Additional duties of the Bureau include validating the quantity of pre-packaged commodities such as bread, meat and milk etc.

Commissioner of Financial Institutions Financial Bureau

The principal objective of this function is to safeguard the public's deposits and investments in state-chartered financial institutions through strict supervision aimed at preventing loss to citizens from insolvency, embezzlement or mismanagement. Responsibilities include the supervision and examination of state banks, savings and loan associations, credit unions and consumer loan licensees. With the approval of charters by the State Banking Board, this office supervises the opening of new banks. It licenses sales finance companies and issues charters for new savings and loan associations and credit unions. It is responsible for auditing financial institutions on a routine basis. Under certain circumstances it examines and controls the activities of condominium developers. It also gathers reports and maintains records of pre-arranged funeral plans.

Consumer Affairs Unit

The Consumer Affairs Unit is responsible for protecting the citizens of Montana from unfair, illegal or deceptive business practices. The unit is responsible for enforcing the Unfair Practices Act, insuring fair competition in state businesses, protecting the Montana consumer from unfair or deceptive acts or practices in the conduct of any trade or commerce and regulating certain educational institutions offering post-secondary education to the citizens of Montana.
